The date for the occasion, which will be one of Glendale's social events, has been set for the evening of Wednesday, June 15.

Immediately following the ceremony the young couple will leave on a six weeks' honeymoon tour that will take them to San Francisco, Berkeley and other northern California cities. They have not yet decided upon the location of their new home.

Three Days' Journey By Auto Is Enjoyed

A happy party, composed of the families of Mr. and Mrs. Arthur Weidlick, Mr. and Mrs. A. L. Neusbaum and Mr. and Mrs. Will Sawyer, all of North Kenwood street, enjoyed a three-days' automobile trip over the past week-end, returning to Glendale on Monday evening. The jaunt was in every sense of the word a camping trip, the motorists spending all of their time out-of-doors. The route was from Los Angeles to San Diego via the coast road and returning to Glendale inland by way of Lake Elsinore.

John Peebles' Party Going Through Idaho

In a letter received yesterday from F. H. Reed who is touring to Canada with the John Peebles' party, he writes that they arrived at the Ford ranch near Wendel, Idaho, at 5:30 o'clock, May 26, covering 160 miles in the day. The roads in the Blue mountains are very muddy and their car was the first through after heavy rains of last week. The party started yesterday for Illinois.

'Industrial Unrest' Subject Of C. Of C. Luncheon Speaker

"Industrial Unrest" will be the topic of Charles P. Keenan's speech before the Glendale Chamber of Commerce Forum tomorrow noon at the Masonic Temple, according to an announcement made this morning by Secretary James M. Rhoades. Women of the Presbyterian church will serve the luncheon and reservations should be made before 10 o'clock tomorrow by phoning Glendale 1262.

Mr. Keenan, who was formerly an official of an eastern steel company, had made a special study of his topic by living among the workers and getting first-hand information from the radicals on the cause of I. W. W. ism. He has appeared before some of the largest associations with his message and undoubtedly it will prove illuminating to Glendale people.

Residents Of Blythe Located In Glendale

Among Glendale's newest arrivals are George H. Anderson and Mr. and Mrs. G. W. Anderson and small son, Edward, this party coming in via automobile late Saturday night. They came from Blythe, Calif., where they have been actively engaged in ranching for the last four years.

Until 1917 both of the Anderson brothers had spent all of their lives in this city, being among the few adult Glendale native sons. The fact that they are returning to make this their permanent home after an absence of four years shows how desirable this city is as a home center.

Prior to leaving the Anderson brothers sold their 120-acre ranch in the Palo Verde valley and are now planning on entering the contracting business. For the last two years, they report times have been so extremely hard and business so poor that many of the farmers of that section are giving up their land. This temporary lull was caused by the dropping of the cotton market last year, and it is thought that it will take several years for the section to recuperate.

The newcomers, who declare they feel lost in Glendale after four years' rapid growth, are at present making their home with Mr. and Mrs. W. R. Anderson of 107 South Isabel street.

Maximum-Minimum School Salaries Set

At a meeting of the board of trustees of the Glendale Union High school last night, a minimum salary of $1800 and maximum of $2400 was set for teachers, while heads of departments will receive not more than $2750. There will be an annual increase of not less than $75 a year.

This schedule, it is said, is more than has been paid before, but corresponds with the minimum and maximum salaries paid by other schools in the same class as Glendale's. At an adjourned meeting next Tuesday night, the faculty for next year will be definitely decided upon. It is expected that there will be the usual half dozen changes made.

Mrs. Clyde Wilson On Way To Kansas Home

Mrs. Clyde Wilson, first cousin of Mrs. Adelaide Imler, who has been visiting with Glendale friends for the last four months, left for her home in Wellington, Kansas, last Saturday evening. She was due to reach her destination about noon Tuesday.

LIST OF SPEAKERS AT CLUB BANQUET IS ANNOUNCED

ARRANGEMENTS ARE COMPLETE FOR BIG EVENT TO CLOSE GLENDALE MUSIC WEEK

Monday night at 6:15 o'clock a banquet will be given by the Glendale Music club in the First Methodist church, reservations for which should be made before Friday from Mrs. Colin Cable.

This will be followed by a program in the church auditorium, which will be open to the public free of charge, program for which was published in yesterday's Glendale Evening News.

Speakers at the banquet will include Dwight W. Stephenson, president of the board of city trustees, who will give a few words of greeting.

C. C. Cooper, president of the Chamber of Commerce will then extend greetings of that organization.

Charles Wakefield Cadman has chosen "Youth and Music" as the topic of his address, which will be followed by a musical number of one of his own compositions.

Value of Organization

"The Needs of American Music" is the topic chosen by Vernon Spencer, whose talk will also be followed by a musical number of his own composition.

Clarence Gustlin of Santa Ana will speak on "The Value of a Musical Association to the Community." Mr. Gustlin is president of the musical association of Santa Ana, which has a membership of more than 1250. He is also a very fine musician.

Installation of officers will be next in order, after which the guests will adjourn to the auditorium for the public concert which will be a most fitting close to the celebration of music week.

Girls' Athletic Club Has Enjoyable Outing

The members of the Girls' Athletic club of Glendale Union high school combined two events in making a week-end of pleasure, a baseball game at Anaheim, with the Glendale girls winning with a score of 10 to 9, and a party at Seal Beach.

The following members of the Glendale girls' indoor baseball team, accompanied by Miss Knight, Miss Schindel and Miss Hunter as chaperones, left Glendale by automobile at 2 o'clock Friday afternoon for Anaheim: Lula Drake, catcher; Dorothy Cotton, pitcher; Jessie Griffin, first base; Eloene Truitt, first short; Mildred Cole, second base; Charlotte Hawkinson, second short; Frances Drake, left field; Beatrice Volker, center field; Bessie Heide, right field. Others of the club who went on the street car and joined the party either at Anaheim or at Seal Beach, where the club gathered following the ball game, included Kathleen Taylor, Edith Busch, Grace Yarbrough, Cora Hilton, Florence Hamilton, Eliabeth Higgins, Beulah Dunbar, Alice Woodbury, Jessie Levy, Ruth Hunt, Winifred Spindler, Edith Dutcher, Muriel Theobald and Lucille Nelson.

Members of the party were the overnight guests at the cottage of Beatrice Volker at Seal Beach. Among the enjoyable features of their stay at the beach was a swim in Alamitos Bay, roller coaster and the usual beach pleasures. Leaving Seal Beach at 5 p. m. Saturday the party returned to Glendale.

Annexation Petition Received By Trustees

Petitions for the calling of an annexation election in the Pacific avenue and Viola street districts were presented to the Board of City Trustees in an adjourned session last night by City Clerk J. C. Sherer. After referring them back to him for a report, which he immediately gave relative to the sufficiency of the signatures. The city attornel was instructed to take the necessary legal procedure and the election date was set for June 30.

On motion of Trustee Lapham, the petition asking that a $26,000 warehouse bond issue be placed on the ballot June 28 was approved and the city attorney requested to take the necessary steps, as City Clerk Sherer reported that more than the required 15 per cent of voters at the gubernatorial election had signed the petition.

The proclamation drawn up by Trustee Mrs. Ann P. Bartlett indorsing the Music Club was approved as was a report by City Manager T. W. Watson regarding Woods-Beekman Lumber company's excavations in Verdugo Wash.

Trustees Stephenson, Bartlett, Lapham and Robinson were present and Trustee Henry absent.

(By United Press to Glendale Evening News)

TWO BANK MESSENGERS HELD UP BY 5 HIGHWAYMEN

MINNEAPOLIS, June 1.—Five men held up two bank messengers just as they were entering the Millers' and Traders' State bank here early today and escaped in a touring car with $16,000.

SCOTT P. BONE IS NAMED AS GOVERNOR OF ALASKA

WASHINGTON, June 1.—Scott P. Bone, director of publicity of the Republican national committee, formerly of Seattle, was named governor of Alaska by President Harding today. Other nominations were: To be superintendent of the Mint, San Francisco, Michael J. Kelly, Oakland.

SEEKS TO HAVE WOMAN INDICTED ON MURDER CHARGE

CHICAGO, June 1.—Assistant Prosecutor Heth today appeared before a special grand jury and asked re-indictment of Mrs. Cora C. Orthwein, slayer of Herbert P. Zeigler, Goodyear Tire and Rubber company executive. Mrs. Orthwein's trial was abruptly ended on its first day when Heth found that she had been indicted for manslaughter instead of murder.

BEAR PRESSURE CONTINUES ON NEW YORK EXCHANGE

NEW YORK, June 1.—There was a continuation of bear pressure on the stock market at the opening today. Studebaker was an exception to the general rule. It responded to favorable publicity on its earnings and position by opening up 1¼ at 71¼. The 12 per cent wage cut announced by the rail labor board had little effect on rails. New Haven was off 1⅛ at 19 3-8 and Reading showed an equal loss at 70½. Southern Pacific was up ⅛ at 75.

SECRET HEARINGS IN STILLMAN DIVORCE POSTPONED

POUGHKEEPSIE, N. Y., June 1.—Secret hearings in the Stillman divorce case here were postponed today until Tuesday, Wednesday and Thursday of next week, following an hour's argument by attorneys before Referee Daniel J. Gleason. Efforts of Mrs. Stillman's attorneys to gain a postponement were successful when Gleason satisfied himself that Chief Counsel John B. Stanchfield was unable to be present because of another case in New York.

SIX SUSPENDED FROM UNITED STATES AIR MAIL SERVICE

CHICAGO, June 1.—Eugene Majors, superintendent of the Omaha-Cleveland division of the air mail service and five others were suspended today. The suspension comes as a result of an investigation by Charles Clarahan, postal inspector, who delved into charges that mail flyers were killed because of faulty planes and carelessness of ground men. Five pilots have met death in the division in the last few months. Majors said the charges against him were absurd and said he would be reinstated.

TULSA'S RACE WAR ENDS; OVER FIFTY REPORTED DEAD

TULSA, Okla., June 1.—Tulsa's race riot, which took a toll of upwards of fifty lives, ended today when troopers rounded up 3000 blacks and marched them to convention hall. Scattered fighting continued on the outskirts of the city, but it is thought that the racial war is about ended. Six whites and forty-four negroes were killed, according to the best available check at police headquarters. Fifteen whites were seriously wounded and seventy-five negroes hurt. Several homes of negroes were fired and the blazes were still seen in the black belt.

MANY FREIGHT RATES NOW IN PROCESS OF REVISION

WASHINGTON, June 1.—Revision of many freight rates is in process, President Harding was informed today during a conference with members of the interstate commerce commission. The president made a personal call at the office of Chairman Clark of the interstate commerce commission, immediately after announcement of the rail wage reduction by the railroad labor board. It was learned authoritatively that the commissioners reviewed with him what they are doing to adjust rates, which Harding believes must precede a return to prosperity. Harding was told that the revision of rates, for the most part, is being made voluntarily through concerted action between the commission and the railroads. The president expressed interest in what was being done to modify rates on fruit, which Pacific coast interests say are so high that fruit cannot be shipped to the eastern markets. He was assured that this phase of the rate problem is now informally before the commission.

RAILROAD HEADS DISAPPOINTED IN BOARD'S DECISION

CHICAGO, June 1.—Railroad executives here today declared that they were disappointed in the decision of the railroad labor board cutting the wages of all classes of railroad employes 12 per cent and slashing $400,000,000 from railroad payrolls annually. "We had hoped that the decision would wipe out in its entirety the $600,000,000 increase of last year," said President H. E. Byram of the Chicago, Milwaukee and St. Paul road. "We will have to find out how much this decrease will reduce our operating expenses before attempting to predict anything about rate decreases to follow this wage cut. This is a step in the right direction, however, and will help business and unemployment on railroads." The decision of the board affects approximately 2,000,000 railroad employes. It provides for cuts in every class of railroad labor from engineers to common labor. Approximately 600,000 maintenance of way employes are given wage reductions of 8½ cents per hour. "The decision provides for reductions of 12 per cent in present wages," the board announced. "Because of the fact that all employes in service of carriers are not included, it is difficult to estimate the actual amount of decrease, but if applied to all employes of all class one carriers would be approximately $400,000,000. General reductions in wages as outlined would mean an average monthly wage of about $125 for all employes, but such an average means, of course, that while some workers would earn a sum considerably in excess of the monthly amount stated, many thousands would fall far short of that figure." While the decision announced today applies only to eighty-six railroads, all carriers not a party to it, for reductions in all classes of labor are given until July 1 to file applications for reductions, so practically every railroad in the country will be a party to the July 1 decrease.

Building Committee Of Church To Meet

The building committee of the Congregational church, of which Blake Franklin is chairman, the other members being Hartley Shaw, Charles B. Guthrie, Thomas White and E. D. Yard, will report to the members of the church tonight on methods to be used in raising money for the construction of the new church building, which is to be erected on the present church site, Wilson and Central avenues, at an approximate cost of $60,000.

Plans for the new edifice, which were drawn by Architect Carleton M. Winslow, who designed most of the buildings at the San Diego Exposition, were accepted by the members of the church at the meeting last week. The building is to be of a modified Spanish type, the exterior finish probably being of stucco with red-tiled roof.

The auditorium will be on the north side of the lot, with Sunday school rooms on the west side. A garden or court will be arranged in the angle thus formed. Ample accommodations will be provided in the basement for social quarters, dining room, committee rooms and Sunday school rooms.

It is hoped that actual construction can be started the latter part of July.

S. A. Davis, Candidate For Council, Issues Statement To Voters

The Evening News is requested to publish the following statement to voters made by S. A. Davis, candidate for city councilman:

To The Voters of Glendale: I announce my candidacy for the office of City Trustee. While I shall not attempt to enumerate a list of reforms or improvements I will, if elected, endeavor to give a most careful business judgment in my power to the problems that will present themselves from time to time. However, there is one predominating necessity that can no longer be postponed, that of sewerage. Every effort will be made by me to assist in solving this problem. If the growth of the business district is to continue, we must have a sewerage system. The sewer in the residence district might be postponed for a short time as it probably can be done later at less expense.

You have five trustees to elect and have a large number of worthy candidates to select these from and should the voters decide to include me in the number I would appreciate this mark of their confidence and will endeavor to give to the city in time and energy more than I would receive from it. So win or lose, I thank those who will support me and to those who will not I shall have no ill-feeling. This election is the people's business and they have the right to do as they please.

Soliciting your votes, I am
Yours very truly,
S. A. DAVIS,
118 West Colorado St.

Cleanup Before Deluge

Burbank cleaned up last Saturday. Today "The Deluge" is at the theatre there. Seems as though it should be a spotless city. The efforts of the Women's club in making San Fernando boulevard presentable for Memorial day is commendable.

Predict Potato Shortage

Potato growers in the San Fernando valley foresee a short crop this year due to the late frost and the unusual amount of moisture which has tended to make tops rather than spuds. Prices from $2.50 to $3 a bushel are predicted.

Expect Graphite Production

Big production is expected soon from the graphite mine near San Fernando. The prospectors now have several hundred tons of high grade graphite on their dump in Pacoima canyon, according to reports.

Confusion Over Names

The same old question of confusion over similarity of street names comes up in the San Fernando valley as well as in Glendale. Tujunga avenue is known as Foster avenue, Fourth street, Magnolia avenue and Rita street. Of course, that is due to the road wandering through Burbank, Lankershim and Van Nuys.

Cannery to Stay Closed

Lack of fruit this year will keep the Libby, McNeil & Libby cannery at Burbank closed, it is reported. This will cut $200,000 from the payrolls of Glendale's neighbor city.

Girl's Nose Blistered

When little Elnora Nutsch of Roscoe threw coal oil on wet wood in the stove last week the flames shot up and burned a blister on her nose. Her hair and eyebrows also were singed, but she will recover.

The dairymen's department of the Los Angeles county farm bureau will hold its next regular meeting on Saturday, June 4, at 10:30 at the Charles Anderson ranch at Burbank. At noon a barbecue provided by the dairymen of that district will be served to those present. After lunch the Hartsook and Maxwell ranches will be visited, where some good judging classes will be held. An opportunity will also be given dairymen of the county to see some of the cows at the Hartsook ranch which have been making such phenomenal records in the Los Angeles County Cow Testing Association.

Morgan, 1142 Campbell street, for the benefit of the Holy Family Catholic church. The members of Ramona Institute, Y. L. I., are planning a benefit card party and dance to be given June 18 at a Los Angeles hotel for the purpose of raising funds to purchase a stained glass window for the new church.

Orders 6 Cent Carfare

Six-cent car fare on all Los Angeles lines has been ordered by the state railroad commission in the face of lower prices generally. However, a zone system was denied and slugs or tickets will be sold at 50 cents for ten on the yellow cars, which ameliorates the situation some.

Plan New York Flight

On June 16 Pilot Eric Springer and David R. Davis expect to "hop off" from Los Angeles on a one-day flight to New York. The cruising radius of the machine is said to be sufficient to make the 2700-mile non-stop flight.

Redondo and Hermosa are entertaining anglers this week with a good run of mackerel which is also running good at Long Beach, Santa Monica and Playa Del Rey. Herring are being caught from the Long Beach pier.

To Escort Woman to Jail

Chiropractors of Los Angeles will travel to Anaheim tonight by automobile, where they will escort Dr. Alice Huhn, a chiropractor, to the Santa Ana jail, where she will start serving a sentence of sixty days for practicing without a license.

The chiropractors have hired a brass band and Miss Huhn will be escorted with much ceremony to her habitat for the next sixty days.

Burglars Escape With Perfume

Burglars with a penchant for perfume and tobacco broke into the Court Drug company's store on South Western avenue, Los Angeles, early today and escaped with goods valued at more than $2,000.

They cleaned out the perfume chest, taking $400 worth of perfumes; $300 worth of cigars and tobaccos, and a long list of miscellaneous articles.

LOCAL ELKS' SQUAD NO LONGER RESTS ON TOP OF HEAP

LANCASTER AND LANKERSHIM TEAMS TIE FOR FIRST PLACE IN LEAGUE

San Fernando Valley League

	W.	L.	Pct.
Lancaster	2	0	1.000
Lankershim	2	0	1.000
Glendale Elks	1	1	.500
Van Nuys	1	1	.500
San Fernando	1	1	.500
Owensmouth	1	1	.500
New Methods	0	2	.000
Lincoln Heights	0	2	.000

After carefully scanning the above standings it will be noted that the pets of the local Elks lodge no longer rest on the top rung of the San Fernando Valley baseball ladder, a position they proudly held until last week. The heretofore "Invincibles" suffered their first reversal Sunday afternoon at the hands of the Van Nuys "Hayseeds" on the latter's home grounds.

The score of the contest, which was 9 to 4, would indicate that the locals were far outclassed, but such is not the case. In the first place more than half of the regular lineup were absent, having gone away on holiday vacation trips. Even with this makeshift of performers Glendale was ahead until the second inning when Bolin, the Elks' speedball pitcher, was painfully injured by a batted ball. Although in a dazed condition "Bullet Bill" insisted on finishing the game, and as a result the opposing batsmen found his delivery as simple as A. B. C.

Announcement of next week's league games will be made in The News before Sunday.

Departments Will Be For New Efficiency

SACRAMENTO, June 1.—Governor Stephens has signed the eight bills passed by the last legislature which embody his plan for the sweeping reorganization of the state government.

The eight bills will have the effect of placing approximately seventy-five boards, commissions and officials under the control of seven major departments which will be created. The governor, in signing the bills estimated that a saving of $300,000 per year and largely increased efficiency in state government would be brought about.

The seven major departments created are:

Department of finance, department of labor and industrial relations, department of public works, department of agriculture, department of education, department of institutions and department of civil service.

The heads of the departments will be appointed by the governor and will hold office at his pleasure, except in a few instances.

The department of finance will take over the activities of the following bureaus, commissions or officials:

Board of control—Department of accounting, children's agents, purchasing department, superintendent of capitol building, state printing department, motor vehicle department, state library and a few other minor commissions.

The state board of control will become the governing body of this department.

The department of public works will take over the work of the state engineer, land settlement board, water commission, highway engineer, highway commission, department of engineering and the Carey act commissions. The director of the department will act as state highway engineer.

The department of education, which will be headed by the state superintendent of public instruction, will take over the activities of the trusteees of the various normal schools.

The department of labor and industrial relations will "co-ordinate the work of the industrial accident commission, immigration and housing commission, industrial welfare commisson and bureau of labor statistics," according to the governor's office. These boards will be continued in existence, however, each as a separate division. The department will be controlled largely by a departmental council composed of representatives of the various divisions.

The department of institutions will take over the various state hospitals and the Whittier, Preston and Ventura reform schools.

Under the department of agriculture will be the state market commission, the department of weights and measures, horticultural commission, horticultural examiners, dairy bureau, state veterinarian, viticultural commissioners, board of citrus fruit shipments, stallion registration board and cattle protection board.

Another weakness of the system is that so many people who believe in enforcing prohibition don't believe in observing it.

Three singles in the twelfth inning gave the Indians a 7 to 4 victory over the Tigers, making it two out of three in the series for the champions.

Brooklyn beat the Braves for the first time in the series, 4 to 2.

The Red Sox took two games from the Athletics, 5 to 2, and 8 to 4.

J. B. Joel's Humorist Is Winner Of Derby

EPSOM DOWNS, England., June 1.—J. B. Joel's Humorist today won the Derby here.

Crag-en-eran, the entry of Viscount Astor, finished second, and Lemonora from the Joseph Watson stable was third.

Glorious weather was provided for the greatest of English races. A broad sun shone down on the endless streams of traffic which converged on the course where the best race horses in Britain raced before king and commoner.

There were no trains. The coal shortage prohibited race enthusiasts from traveling by rail. As a result the roads were jammed with a conglomeration of vehicles ranging from gorgeous limousines to halting donkeys and carts. A new idea in traffic direction was introduced when the giant airship R-35, hovering over the course, kept a lookout for traffic tangles and wirelessed instructions to police along the roads. The scheme worked to perfection.

Airplanes buzzed through the air, aiding the central traffic "bobby" in the airship.

Dorothy Peart, Dorothy Carmack, Dorothy Chobe, Evelyn Gregg, Marjorie Yarick and Doris Packer. Dancing and songs occupied the greater portion of the evening, at the close of which refreshments of ice cream and cake were served.

Youth Tells Story Of Slaying Before Jury

KNOX, Ind., June 1.—Freddie Schermann, novice and timid, told the jury today that Cecil Burkett, 11, had killed his playmate, Benny Slavins, 7, with a shot gun.

Nine-year-old Freddie, clad in homespun knickerbockers, a faded blue blouse and clutching a crumpled cap in his hand, was the first witness for the state, which asks that the Burkett boy be put to death for murdering his little playmate.

"We were playing in Burkett's back yard last Thanksgiving," said Freddie, very slowly. "We wanted to go huntin'. So Al Burkett, Cecil's brother, he got a shotgun and we popped at some birds, but didn't hit any.

"Our gang came back to the yard and Cecil took the gun. He pointed it right at Elsie, Benny's sister, and said, 'You better run or I'll shoot you.' That's just what he said. Elsie ran.

"I then went up to clean out a bird nest. I heard the old gun go 'pop' and there went Cecil running around the corner with the gun in his hand. Al said to him, 'You'll catch it now.' Benny was lying on the ground, shot. His red sweater was on fire."

Freddie, quite conspicuous because of a missing tooth in front, was then quizzed about alleged enmity between Cecil and Benny.

"Yes, sir," said Freddie, "Cecil didn't like Benny. I saw him slap Benny's face once and throw big rocks at him one other time."

Stern cross-examination by W. J. Reed, Cecil's lawyer, failed to shake Freddie's story.

Mrs. Anna Burkett, the boy defendant's mother, sat with him during the trial. They were at the table for defense attorneys.

She wore a simple gingham frock and a shawl was thrown across her lap. She locked constantly at her boy. Her eyes were sad and dry; she seemed bitter at all that was going on about her.

Cecil's hair hung a-tufts over his forehead. He sat unmoved as Freddie, his erstwhile playmate, testified he killed Benny because of a quarrel.

Cecil claims Benny's death was an accident.

Studebaker Again Hits High Cost Of Living

Contrary to expectations, the Studebaker corporation again has cut the prices of its popular car, effective June 1. In a half-page display advertisement, the Packer Auto company of Colorado and Brand boulevards, quote the prices on the different models which are all equipped with cord tires.

It is believed that these new prices will stimulate the demand for cars this summer and it is the advice of the local dealers that orders be placed early. Deliveries on some models are now several weeks behind, it is stated.

Charge High Treason Against German Paper

BERLIN — Allegations of high treason are made in proceedings instituted by the ministry of defense against the radical newspaper Rote Fahne (Red Flag), as the result of publication by that paper of a series of documents bearing on the situation in Silesia. These documents are alleged to prove that the German military administration had planned an invasion of the Upper Silesian plebiscite area last October, and had plotted the assassination of Adalbert Korfanty.

TITONKA, Iowa—The scandal monger is under fire in this town. One man is serving a ten-day sentence "at hard labor" on the streets as a result of remarks he was found to have made about a woman.

At his trial before Mayor French the scandal started by him was found to be entirely without foundation. The case has caused something of a furore among the residents here and the mayor's action is universally approved.

SILVER CLOUD LETS RAIN OF FLOWERS FALL ON HEROES

'DEAR KATIE' LEARNS ABOUT GLENDALE DECORATION DAY; AND JOE ALLEN, TOO

Glendale, June 1, 1921.

Dear Katie: Well, Monday I had my holiday off which I celebrated by workin' the same as is usual cause I had to hike around and get details on the doin's of the day.

Decoration day is different in Glendale of what it used to be back there in Wisconsin.

Back there on Decoration day it was always sure to rain cats and dogs, but here Katie it reigns flowers and sunshine.

Beautiful flowers fell from the sky onto the graves in Forest Lawn cemetery yesterday morning.

The flowers seemed to fall from a silver cloud that floated high above. It was inspiring and wonderful. That silver cloud Katie, was one of them there digirables of which I have told you about.

Well, in the afternoon there was a parade and it was a pleasing sight to see, as the soldiers and band and lots of autos went down Brand boulevard and Old Glory waving in the breeze.

I walked to the cemetery myself too Katie and there was lots of people there.

The Forest Lawn cemetery is a very beautiful place and every where was flags and dainty wreaths of flowers and beyond in the distance was the pretty peaceful hills and valleys with their green carpets and the purple haze over all. At the cemetery the band played patriotic selections, speeches was made and songs were sung. The program was awful nice and I stayed through it all, but I ain't got a good enough education Katie to explain to you the charm and beauty of it.

I felt kinda sad anyway. I guess everybody did.

I got to thinkin' about Joe Allen and how he was killed in the great war. I was at Camp Custer at that time. He was my best chum Katie, but I guess you don't remember him.

Tells It in Poetry

So here I will write you a poem and explain it all to you:

'Twas in '17 when the war broke out,
The call for men came first.
Munition plants were run full blast,
War maneuvers were rehearsed.

But the country wasn't as short of men,
As it was of ships and guns,
The country was not in danger,
For the lack of food or funds.

Then came the parting of the ways,
'Twas time for Joe to start,
I knew that I would go some day,
And I knew I'd do my part.

'Twas an evening in October,
And a mist hung o'er the land,
And wafted on the evening breeze,
We heard the music of the band.

We looked up at the moon above,
It was the harvest moon,
The band was fast approaching,
"On Wisconsin," was the tune.

We could hear the shouts and bugles,
We could see the red lights glow,
The blood coursed hotly through our veins,
For we knew that we could go.

The glory of that wild night,
Would have shamed a German spy,
God knew that we were patriots,
And for the flag, would gladly die.

So as the band come round the corner,
Joe swung quickly into line,
The thrill of battle filled the air,
Their destination was the Rhine.

I won't tell you about the interval,
Until Joe arrived in France,
It was the usual drills and hikes,
Until they found they could advance.

They went throu mud and water,
They marched both day and night,
They were closing in upon the foe,
And longed for a chance to fight.

The time then came, at break of day,
As they woke on the battlefield,
They heard the roar of cannon,
As the notes of the bugle pealed.

The fight was hot and furious,
The field was strewn with dead,
The air was filled with stifling gas,
The ground with blood was red.

Towards night of that eventful day,
They charged throu smoke and dust,
And Joe clubbed his empty rifle,
Like a Yankee in disgust.

Then something stung him in the chest,
What happened we cannot tell,
We only know that Joe was through,
On the battle field he fell.

Somewhere in France Joe sleeps in peace,
That is all I have to say,
But do you wonder now that I am sad,
On this Decoration Day.

And such Katie is the cause of millions of sad hearts but while to others Joe was a father, a son, a brother or a husband, to me Joe was my best chum.

And Monday the nation paid tribute to them all.

Patriotically yours,
E. C. HALE.

ISABELLA DID MUCH TO FURTHER MUSIC THROUGH SPAIN

SECOND INSTALLMENT GIVEN OF SPECIAL ARTICLE BY MRS. ALEX MITCHELL

Here is the second installment of the article on Spanish music, written by Mrs. Alex Mitchell, 2001 Kenneth Road, the first having appeared in The Evening News of yesterday.

Mrs. Mitchell's article was read before the music section of the Tuesday Afternoon club and in view of the fact that Glendale is now celebrating music week it is particularly fitting that the discussion on Spanish music and composers should appear. The second installment:

By MRS. ALEX MITCHELL

The invasion of Spain during the eleventh and twelfth centuries by the Cluny monks made great changes in every way in art and music in Spain. From the end of the eleventh century the Gregorian chant was the only ecclesiastical music recognized by the church in Spain. In the thirteenth and fourteenth centuries there was a great development of popular music in northeastern Spain. The troubadour was not only a singer and composer but a verse maker, and skilled on some instrument.

The first Spanish writer of any importance after Isidor's time was M. Majorcan, whose Arsmagna was given to the world in 1308. In Castile music was more of an aristocratic pastime than it was in Aragon. Alfonso was a great patron of music, as was his son, Don Sancho.

Isabella Is Patroness

Many Granados of the fifteenth century kept salaried musicians in their households and Isabella, the Catholic, was so great an amateur and patroness of the art, that at least forty singers, with a large number of performers on various instruments, organs, clavichords and lauds, were constantly maintained in her service.

The last decade of the fifteenth century, during the reign of Isabella and Ferdinand, was undoubtedly the golden age of Spanish music when numerous works were written.

About thirty-one more or less distinguished Spanish composers flourished in Italy during the sixteenth century. Cristoforo Morales, the chapel master of the Sistine chapel at Rome in the same century was the most celebrated composer before Palestina. His most celebrated work is the motet known as "The Lament of Jacob," still performed and admired in England.

Another celebrated composer, Tomas Luis de Victoria, is known and loved almost as much as Palestina. The Bach choir have performed many of his motets within recent years and his works are to be found in modern, as well as in ancient, editions.

It was a Spaniard, Don Juan de Tapia, who founded and endowed at Naples in 1537 the Conservatorio della Madonna di Loretto, the first school of music in Italy and the model of all similar institutions that have since been created in Europe.

Most of the Spanish compositions of this period seem to have been exclusively of a sacred character.

Of the popular music and musicians of 400 years ago we have no record. The Spaniards were the only ones who used the Visigothic neums, the letters used previously referred to.

The following musicians have given much to the world: Pablo Martin Melitos de Sarasate y Navascues was born at Pompeluna, March 10, 1844. He was a celebrated composer and was called the wizard of the violin. He possessed two fine Stradivari instruments, one given to him by Queen Isabella of Spain in 1724, brought from the royal chapel at Naples.

United States Signs Inter-Allied Request

PARIS, June 1.—The United States has participated in the first inter-allied step toward settlement of the Upper Silesian controversy. The council of ambassadors, with Ambassador Wallace present, drafted a note to the allied plebiscite commission asking unanimous approval of the following proposals:

Creation of a neutral zone comprising the disrupted areas.

Occupation of this zone by allied military forces.

Occupation by Germans and Poles respectively of the portions of Upper Silesia which voted overwhelmingly in their favor, pending fixation of frontiers.

The council rejected a joint anti-alien proposal under which the Germans and Poles would permanently occupy the areas not under dispute.

Price Always Kept Low And The Reasons Why

THE Chandler price has always been kept low without sacrifice of quality. This has been made possible by the most efficient management, the most modern factory and the highest financial credit with sources of supply, together with the fact that we have always built one chassis, developed and refined as the years have passed, but never abandoned, because constantly more popular.

Some lines have manufactured simultaneously as many as three or four distinct models—not styles of bodies, but chasses. They have come and gone. You can probably imagine what such a policy means in manufacturing cost, in selling prices and in the resale value of such cars.

Chandler resale value is relatively higher than that of any car, after a like period of service.

Farmers Seek to Get 5-Cent Loaf of Bread

NEW YORK, June 1.—The farmers of North Dakota were working to bring back the 5-cent loaf of bread.

They declare bread could now be sold at the old standard figure, based on the present price of wheat, and they are planning to demonstrate this to the rest of the country.

Horace A. Davis of Brookline, Mass., eastern representative of the bank of North Dakota, said in an interview with the United Press that the state will soon issue a $7,000,000 bond issue through its bank to establish a flour mill at Grand Forks, through which the demonstration will be carried out.

"Bread could be selling at 5 cents a loaf now and it should be," Davis said. "The difference between the present price of bread and the nickel is unfairly taken by millers, transportation men, middlemen and others operating between the farmer and the consumer.

Striving to Fool Old Man Time With Rouge

NEW YORK, June 1.—It's not the coming generation, but the going generation that needs watching, according to H. H. Wright, director of organization in New York high schools.

Wright was asked by the United Press today for his views concerning the "menace" of short skirts and rouge for students.

"Short skirts and rouge," he echoed. "Why, that's old stuff! New York school girls aren't doing it any more.

"Girls here aren't tucking up their dresses, rouging their cheeks, reddening their lips and touching up their eyebrows. It's only the old women trying to fool Father Time who are still doing that.

"If the reformers want to start lengthening women's skirts they can begin with the old women because the real girls just don't have to do it."

Mistreats Bride and Is Beaten and Ducked

NEWBURGH, N. Y., June 1.—The Rev. Bouck White, radical agitator and former pastor, has added another beating and a ducking to the program of punishment being meted out to him by the villagers of Marlboro because of his difficulties with his French bride, it was learned here today.

The latest attacks occurred Friday night, but White has been reticent about his beatings and the "vigilantes" have just begun to talk about the additions to their repertoire.

The first beating White received was a week ago last night, shortly after his wife, whom he had married in Paris last month, left his farm home after a five-days' residence and told neighbors he had mistreated her.

Adam probably knew most of the jokes we enjoy, except those about mothers-in-law.

Priscilla Dean Plays Dual Role In Picture

"Reputation," the Universal superfeature in which Priscilla Dean was seen yesterday at the Glendale Theatre will go down in the memory of playgoers as one of the most dramatic stories ever told on the screen.

The story was filmed at Universal City by Stuart Paton. It is based upon "False Colors," Edwina Levin's novel.

Playing a dual role, that of mother and daughter, Miss Dean interprets the parts with such sincerity that many doubted that one individual could so completely assume such widely opposed characteristics.

Laura Figlan, the dominant figure in the story, is the reigning beauty on the European stage. She is about to sail for New York to star on Broadway when a party, more dissolute than others which have preceded it, leaves her a wretched, dissipated shadow of her former self. Stripped of money, a wanderer on the Limehouse streets, she realizes that she must in some way get to America and try to resume her place of power in the theatre. She arrives in New York for the opening of the performance and there on the stage she sees a girl who is the counterpart of what she was before sin seared her soul. The girl is her daughter, though neither knows the other. Then follows a climax that is explosive in its thrill-power.

Other features round out the bill which is to be seen again today and tomorrow.

Alfred Priest Planning Home For I. J. Oliver

Architect Alfred F. Priest of 1422 North Central avenue is now drawing plans for a two-story, seven room Spanish style residence on Jackson street, north of Doran, for Irving J. Oliver, business manager of the Glendale Union high school. The specifications call for a concrete foundation, hollow tile walls, plastered exterior, tile and composition roof, pine trim, oak floors, tile mantel, tiled bath, furnace and water heater.

Mr. Priest also is completing plans for a gymnasium for the Ventura high school and a mountain club building for George Mills near La Crescenta. The latter will have cobblestone retaining walls, cement verandas, frame and plaster superstructure, shingle roof, maple and pine floors and an oil burning furnace.

'Challenge Of The Law' Palace Grand Picture

William Russell provides excitement aplenty in his latest William Fox production, "The Challenge of the Law," which comes to the Palace Grand Theatre for today only. In this picture, it is said, he gives a striking portrayal of a captain of the Royal Northwest mounted police, whose assignment has been to stop a desperate band of fur smugglers from taking their furs across the border into the United States. This he does in the typical Russell style. He cleans out the fur exchange single-handed and arrests a leader of the gang, whom he imprisons. A rescue of the smuggler is effected, but results in the murder of another member of the mounted police.

How the murderer at last pays the penalty, the fur smuggling is stopped, and the captain gets the girl he loves is developed in some thrilling scenes.

E. Lloyd Sheldon is the author of the story.

Cartoons and pictographs and the latest news views round out the bill while the music is always equal to the pictures. Tomorrow the Glendale Elks' lodge presents "Mrs. Temple's Telegram" at 8 p. m.

De Valera Appeals For More Assistance

LONDON, June 1.—With the British government supposed to be protesting informally against American aid to Sinn Feiners, "President" De Valera has cabled an appeal to his friends in the United States for further aid.

"Our enemies threaten increased frightfulness, hoping to crush us," said his cablegrams to the Irish "Recognition Association." "With your support we defy them. Liberty shall not perish here."

The message was said to have been called out by British preparations for the use of still greater force in suppressing the Sinn Feiners.

It was reported that one measure will be shutting off of all military supplies from outside. It was said the British navy would be utilized in patrolling the Irish coast to prevent the smuggling of arms from American to other vessels.

The British were all said to object to the sending of great funds for Irish relief. The reports here said that Sir Auckland Geddes, British ambassador at Washington, already had broached the subject in a series of informal conferences with government officials there.

Practically every point of interest within a radius of seventy-five miles from Philadelphia is distinctly marked on more than 800 miles of important highways.

Booming Down The Canyon

The American Forestry Association has given the United Press for Forest Protection week use in the schools the following fire poem by Remington Ellis:

The ranger sat in his cabin door,
With eyes that were swollen and lungs that were sore,
While under his breath he bitterly swore,
For—she was booming down the canyon.

The tourists who left two days before
Will never visit their camp site more,
Nor gaze on the scenes they used to adore,
For—she's booming down the canyon.

A few little sparks by a tree, quite dead—
Just a few live coals that were "out" they said—
Now look at her going, roaring and red,
A-booming down the canyon.

Forty good men, husky and strong,
Worked like demons all the day long;
But she crowned and went over—again she has gone,
A-booming down the canyon.

How long it may burn or where it may go,
Are a couple of things that no one can know;
But it won't be out till we get lots of snow,
For—she's booming down the canyon.

Hundreds of years to grow those trees;
Those same live coals and—a little breeze,
Then waste and desolation are all one sees,
As she goes booming down the canyon.

The ranger sat in his cabin door
With eyes that were bloodshot and lungs that were sore,
And at someone's gross carelessness bitterly swore,
For—she was booming down the canyon.

The Association urges that the verses be read in every school in connection with Forest Protection week programs and that every school using the poem write the association at Washington details of the school programs and the pupils who had part in them.

Christian Circle Club Has Dinner, Meeting

Fifty girls of the "Christian Circle club" met last night at the First Baptist church. Dinner was served at 6 o'clock by the ladies of the Casa Verdugo Methodist church, under the direction of Mrs. J. W. Cotton. This was followed by devotional services led by Miss Maude Soper. This idea for this club was conceived at the time Mrs. Frances Neth of the John Brown evangelistic party called a meeting of all the girls in the city.

Hold Community Sing As Part Of Music Week

A goodly number of Glendale people took part in the community sing at the high school last night, the first of a series of programs being given in this city in celebration of music week. The sing was in charge of Mrs. C. A. Parker and members of the Madrigal club. A great deal of enthusiasm was manifested during the evening and some splendid chorus work was brought out.

From 12:15 p. m. until 12:45 p. m. tomorrow the high school orchestra will play in the high school auditorium. In the afternoon Mrs. A. H. Montgomery, Mrs. C. L. Marlenee and Dorothy Armstrong Welcome will present a program of readings, violin and piano numbers for the boys at Thornycroft. A program of songs by the boys' glee club will be given in the intermediate school auditorium at 2 o'clock Friday afternoon.

A booklet of the words of forty-seven songs for music week has been published for free distribution through the courtesy of Glendale Music company (Salmacia Brothers).

Architect Lindley Is Planning New Churches

Arthur G. Lindley, architect, residing at 123 South Belmont street, has been commissioned to prepare plans for a new building for the Manzanan Methodist Episcopal church, to cost $10,000. It will be of cement block construction. He also is preparing plans for a Methodist church at Needles, California, which will be of frame and plaster construction with a red tile roof; an institutional church for a Mexican congregation at Fillmore; and a social hall for the Chatsworth Methodists.

An addition for the First Methodist church at Redlands is being planned by the local architect. It will be 50x100 feet and contain 20 classrooms, social rooms, and kitchen. Plans for the La Mesa Methodists' edifice are now ready for the builders. Alterations are being made in the Florence avenue Methodist church according to Mr. Lindley's design.

Ostrich, Not Stork, At Fairbanks' Home

LOS ANGELES, June 1.—"The only bird I have seen hovering around here is an ostrich that was given us last Christmas—and that is for sale, cheap," Douglas Fairbanks declared today in denying reports that his wife, Mary Pickford Fairbanks, is preparing for a visit from the stork.

"There is absolutely no truth in the report," continued Fairbanks. "If such a wonderful thing were true we would have no reason to deny it."

Shipments of Fruits By Water Discussed

SEATTLE, Wash., June 1.—Western fruit growers from Washington, Oregon and California met here today at the Chamber of Commerce with representatives of steamship companies for a two-day conference to perfect plans for shipping 9,000 carloads of fruit by water routes to Gulf and Atlantic markets.

Washington growers are already pledged to 4,000 carloads of apples. Steamship companies will be asked to pledge refrigeration and lower rates than those charged by rail carriers. If this is accomplished it is estimated that $20,000,000 worth of fruits will flow through Seattle's port terminals this season.

J. C. SHERER ONE OF PIONEER CITIZENS OF THIS VALLEY

TERM OF CITY CLERK CUT BY CHARTER, HE'S CANDIDATE FOR RE-ELECTION

J. C. Sherer, who was elected to a four-year term as city clerk in April, 1920, and had his term of office reduced by the adoption of the charter, is a candidate for re-election. He was first elected clerk in April, 1914, the length of the term until 1920 being two years, when the legislature changed it to the longer term in general recognition of the fact that it is as a general rule undesirable that the incumbent of that position should be frequently changed.

Mr. Sherer's activities as a useful citizen antedate by several years of residence in the valley, the life of the city. In early years he was a trustee of the public school district; trustee of the Presbyterian church when that body erected its first place of worship in the valley; one of the organizers of the Verdugo Canyon Water company and of the Verdugo Pipe & Reservoir company, acting as a director of the two last-named organizations during all the years of the existence of the former and is at present president of the first-named company. In the fight for a municipal lighting system and later in a similar contest for municipally owned water, Mr. Sherer took a prominent part.

Land Owner Forty Years

He has been a land owner in the valley for forty years and often tells of buying his first land here for $50 an acre, but is generally careful to add:

"But I don't know how much it has cost me since."

He was the first cashier of the Bank of Glendale, when that institution opened its doors in a small frame building on Glendale avenue, just north of Broadway, then "Fourth street," in 1905. He resigned his position in the bank to embark in the newspaper business in 1907 and for six years was editor and proprietor of The Glendale News, which was a big factor in the upbuilding of the city during that period. One of Mr. Sherer's first acts when he took charge of the newspaper was to voluntarily cut the price of the city's advertising down by 10 cents an inch, an act of generosity which meant a very considerable sum in the early years of the city when the question of financing the new municipality was a very serious one.

Upon the organization of Glendale as a city, Mr. Sherer was elected treasurer without opposition and held the position for a year and a half when he resigned on account of his connection with the newspaper.

Patrons of the city clerk's office without exception can bear testimony as to the uniform courtesy with which they have been treated by the present incumbent, and his intimate acquaintance with city affairs from the creation of the municipality to the present time is a very high recommendation in the estimation of Mr. Sherer's many friends in the city.

Dr. Henry R. Harrower Shows Action Required

The Evening News is in receipt of the following self-explanatory communication from Dr. Henry R. Harrower:

"Editor The Evening News: I am in receipt of a communication from Harrison G. Otis of the War Camp Community Service, New York City, informing me that he has been asked to prepare for "The American City" an article showing the present status of the community building movement, particularly in its war memorial phases. He states that he is eager to have complete and up-to-date facts and asks for my assistance in giving him the information.

"Unfortunately, I am unable to give him very much interesting information and I thought it might be worth while to pass on to your readers the fact that several years ago there was some considerable enthusiasm aroused in regard to a memorial and a park here in Glendale but, like a good many good things that we would like to do here, it 'died aborning.'

"I am sorry to have to write to Mr. Otis that all our plans 'fizzled.'

"While I have this in mind I am prompted to remind readers of The News that the postoffice proposition is likely to fizzle also. For some weeks now we have been expecting signatures for the petition to the postmaster general in regard to the establishment of an independent office here. Where are these petitions and how many have signed them? We expected to secure 2000 signatures and I think perhaps there are twenty or thirty so far.

"Does this mean that the citizens of Glendale are not interested in having an independent postoffice here? If they are, the heads of families should go to the Chamber of Commerce and sign this petition, and if they are not, why this great idea like the memorial will be forgotten also.

"Very truly yours,
"HENRY R. HARROWER."

Building Permits Issued For Month Of May

Smashing all records here for building in the month of May, the building inspector's office of the public works department at the city hall, closed its books last night with $453,095 in new construction under way. Makes canning easier

CANNING is a real pleasure when you have a good oil cookstove.

Just light the burner and the steady, clean, intense heat is driven directly against the cooking. The kitchen stays clean and comfortable.

Five Whites, Thirty Negroes Dead, Report

TULSA, Okla., June 1.—Tulsa today was the battle ground of bloody race warfare between blacks and whites.

Three units of national guardsmen were trying to hold armed bands of whites and negroes in check, but in spite of the presence of the troops, volley after volley of shots rang out in the black belt.

Two white men and one negro are known to be dead. Scores have been injured by rifle and pistol fire and hurtling bricks. Unconfirmed reports place the death list at five whites and thirty negroes.

The trouble started when 200 armed negroes last night attempted a jail delivery to free Dick Rowland, arrested and charged with maltreating a white girl.

The first negro was killed by a policeman when he resisted arrest. Whites have swarmed to the black belt early today vowing to burn the dwellings of the negroes. Airplanes circling over the negro section were said to carry bombs. Negroes were fleeing Tulsa by the hundreds to escape death. Armed whites are doing their best to cut off the escape.

Renewal of the riots today made probable the calling of additional troopers. The downtown section is heavily guarded. Three hundred negroes are reported to have been captured by the whites.

Twenty-six lines of captured negroes, eight or ten abreast, were marched down North Main street, with white civilians carrying rifles and revolvers, taking them to the convention hall. All negroes had their hats off and their hands held high above their heads, the whites with their weapons in the negroes' ribs.

Secretary Rhoades Is "Bundle Day' Worker

Editor The Evening News: In expressing our appreciation in a former issue to all who helped in the Near East relief "Bundle Day Campaign," May 25, the name of the secretary of the Chamber of Commerce, Mr. Rhoades, was unintentionally omitted. His untiring zeal and interest to do his part in getting the material to the warehouse from the various "bundle stations" was no small job. To him, therefore, we owe a debt of gratitude and all others in the least degree who helped to make the whole campaign such a glorious success.

URGES EX-SERVICE MEN BE SELECTED IN STATE POLICE

BURBANK COMMERCE CHAMBER PROPOSES FORMATION OF GREAT CONSTABULARY

The publisher of The Evening News is in receipt of the following self-explanatory communication from Hugh R. Pomeroy, secretary of the Burbank Chamber of Commerce:

"Dear Sir: The urbank Chamber of Commerce recognizes the need for a California state police force organized after the manner of the Pennsylvania State Constabulary. We believe that sentiment can be created in favor of such an organization to the extent of securing its establishment. The spirit of California is 'Straight Ahead.' We can do anything e set out to do. Let's go—for the California State Police.

"We offer for your consideration the enclosed resolution, a copy of which has been forwarded to your local Chamber of Commerce, with request for similar action. We will appreciate publicity being given this movement, with the idea that we can do it and we will do it.

"For the State Police,
"Burbank Chamber of Commerce,
"Hugh R. Pomeroy, Secy."

Here Is Resolution

The resolution referred to in Mr. Pomeroy's communication is as follows:

"Whereas, The great size of the state of California, the varied interests, and the diversified conditions make necessary a police force statewide in scope and power, to act as a stabilizing agency in the upholding of the state laws, and

"Whereas, the long stretches of highway and the scattered towns in many parts of California create the need for such an organization, and

"Whereas, there is the immediate need for a state police force in California to maintain order during the more or less unsettled period of social and economic readjustment that is consequent upon the World War and the return to peace conditions, and

"Whereas, the Northwest Mounted Police, the Texas Rangers and the Pennsylvania State Constabulary are organizations famed for their fidelity and highly commendable work in upholding the law and maintaining order, and

"Whereas, in the ex-service men of California there is ample material in trained men for the personnel of a state police force,

"Therefore, be it resolved, that the Burbank Chamber of Commerce hereby declares itself heartily in favor of the creation of a state police force, that it presents to the people of the state of California the idea of the California state police, and urges the necessity and desirability of such and organization, and

"Be it further resolved, that copies of this resolution be forwarded to His Excellency, Governor William D. Stephens, to our representatives in the state legislature, to the press, and to the various civic organizations in the state of California.

"Burbank Chamber of Commerce,
"Hugh R. Pomeroy, Secy."

Pigs' Grunts Leads to Discovery of Still

LOS ANGELES, June 1.—The grunting of pigs led to the discovery of a still and the arrest of Mrs. Comer de Marcus and Francisco Pronitir on charges of violating the Volstead act.

According to the report of Officers Winget and Boen they stopped to give the pigs the "once over" and discovered they were feasting on raisin mash.

Becoming suspicious, the officers investigated. They declared a still was found in the home of Mrs. De Marcus together with three pints of newly-made brandy.

REFERENCE BOOK AT BRANCH LIBRARY IS VALUABLE

VOLUME CONTAINS NUMEROUS BITS OF INFORMATION, WELL ILLUSTRATED

A very valuable reference work has just been released at the Branch Library, Charles H. Cushing, branch librarian, entitled "A History of Every-day Things in England," in two parts, part first covering the period 1066 to 1499, part second 1500 to 1799.

It is profusely illustrated showing in an accurate and graphic way, the life and customs, methods of travel, work and play during the different periods. The costumes of each century are illustrated with fine colored plates.

"Modern Americans" and "Modern Europeans," by Sanford and Owen will meet a decided need in the juvenile department as they contain interesting sketches of many very prominent people too modern to be included in the encyclopedias.

"The Book of Bravery," by Lanier, is a collection of true stories in an ascending scale of courage, selected from different times and countries.

This volume is followed by two others carrying the scale upward to the highest form of courage. These two will be added to the library later.

Describes Some Noted Battles

"Boys' Book of Battles" describes some of the most famous battles of history, commencing with Bunker Hill and closing with the Argonne-Meuse.

"Inventions of the Great War" makes one realize the vast amount of mental energy expended in perfecting instruments of destruction.

"Field, Forest and Farm," by Fabre, is really a supplement to the "Story Book of Science" by the same author and its scope is indicated by the sub-title, "Things Interesting to Young Nature Lovers, Including Some Matters of Moment to Gardeners and Fruit-Growers."

"The Boys' Book of Magic," by Carrington, tells how to perform all kinds of tricks including chapters on Hindu magic.

"The Cart of Many Colors," by Nannie L. Meiklejohn, is a story of Italy giving much description of that interesting country.

"Shasta of the Wolves," by Olaf Baker, is a fascinating story of a baby found in the woods by a mother wolf, who protected it and let it grow up among the wolves.

Some Books for Older Readers

"Points of Friction," by Agnes Repplier, is a collection of delightful essays, full of keen insight and subtle humor.

"Our Short Story Writers" gives interesting sketches and criticisms of some of the most prominent writers of fiction.

"My A. E. F., a Hail and Farewell," by Frances N. Noyes, gives the true story of the Y. M. C. A. in Europe during the war.

"Modern Industrial Movements" is a compilation of selected articles on this subject.

"Bolshevism," practice and theory by Bertrand Russell is not propaganda for the Bolshevists, but an intelligent discussion of a world-wide movement which throws some light on political conditions in Russia.

Polish Insurgents Threaten Terrorism

OPPELN, Upper Silesia, June 1.—Repulsed in their latest attacks on the German lines near Kalianov, Polish insurgents are threatening a reign of terrorism, according to accredited reports here today.

The Poles were said to have planned to use dynamite on public buildings and German homes. They were especially angered at the arrival of British reinforcements in Silesia.

The insurgents reduced the castle of Kalianov with an artillery and machine gun attack, but were driven back to Annaberg. Sixty Poles and fifteen Germans were killed during the engagement.

The number of Poles in the battle was estimated at between seven and eight hundred. From strong fortifications they poured high explosives into the famous castle until it flamed up in a dozen places. Meanwhile they kept the German line well sprayed with machine gun fire.

At the first sign of slackening fire from the Polish trenches German officers ordered their men out. Two companies raced across "no man's land," their attack putting the enemy to flight. The Poles made a stand in front of Annaberg and there was a brief, sharp skirmish, after which the Germans retreated.

German officers said the withdrawal was in accordance with the pledges to allied commanders that they would fight only on the defensive.

An executive can easily pacify party insurgents. A soft job turns away wrath.

Well, if John Bull runs out of coal to burn, he still has the public buildings in Ireland.

Latin-Americans To Quit League, Belief

WASHINGTON, D. C., June 1.—Withdrawal of all Latin-American republics now members of the league of nations was predicted by South American diplomats here today.

It was learned that several representatives of the southern nations had already discussed informally the advisability of their governments repudiating league membership with the state department.

Ambassador Harvey's "plain English" speech and the growing belief that President Harding has definitely turned his back on even a modified league are the reasons given by diplomats for the agitation in their countries for withdrawal.

Dr. Jacoba Varela, Uruguayan minister, confirmed the report today that withdrawal from the league was under discussion in the Uruguayan ministry.

Nicaragua has already expressed her intention of "resigning" from the league assembly. It is reported that Costa Rica, Salvador and other Central American countries are considering following suit.

Mexico has never been admitted to membership, although hope of admittance, "when she mended her ways" was held out. People well informed in Mexican affairs say that this offer was never particularly appreciated by Mexicans.

Schooner Sinks; All On Board Are Rescued

HALIFAX, N. S., June 1.—Captain Behman and his crew of twenty-five from the sunken fishing schooner, Esperanto, arrived here today on board the Elsie II under command of Captain Geel. All the survivors were well.

The Esperanto, which won the international fishing boat race last fall, struck a sunken wreck in a dense fog off Sable Island and sank in fifteen minutes, Behman said.

The arrival of the Elsie II dispelled fears which have been felt since Monday that the New England fishermen aboard the Esperanto had gone down with their boat.

The Sable Island wireless reported the wreck and said the Elsie II was standing by. The operator was unable to learn whether the crew had been taken off.

Street accidents in London last year totaled 49,824.

Speeding 113, open muffler 44, obstructing fire hydrants 8, cutting corners 3, turning between intersections 23, disregarding traffic signals 4, improper parking 18, driving without brakes 1, disregarding traffic marker 3, driving against traffic 3, driving on wrong side of street 6, improper lenses 1, no rear light 1, petit larceny 1 and assault and battery 1.

Numerous Family Of Smiths Has Only One

WASHINGTON—For the first time in many years the representation of the national Smith family in the house of representatives has dwindled down to one. He is Addison T. Smith of Twin Falls, Idaho, and is a lone survivor of five from the last session and several others of previous sessions. Representative Smith has only one near relative, Representative Smithwick of Florida. In spite of that slight moral support the Idaho member still feels somewhat alone.

PROGRAM PREPARED FOR MEETING OF SCHOOL ALUMNI

BASEBALL GAME, MUSICALE AND DANCING TO BE FEATURED BEHALF OF GRADUATES

The much-heralded first annual alumni day of the Glendale High school will take place tomorrow afternoon and evening in what promises to be one of the "biggest" events in the history of the institution. For several months the committee in charge of the affair has been diligently at work in arranging the day's program, which is assured to be successful.

This committee, which is composed of Jane Snyder, Grace Beach Simon, Dorothy Lee Weller, Alice Gray Beach, Ernestine Lyon, Pearl Pollock, Frank Balthis, Carlton West and Mansford Barnes, held their last meeting Wednesday night at the home of Miss Alice Gray Beach on North Brand boulevard. The entire committee was present, the purpose of the gathering being to make final preparations and arrange several details in regard to the scheduling of the day's events. This faithful group of alumni deserve much credit for their untiring efforts to make the occasion what it should be. Their endeavor has been considerably more difficult than if this were any but the first celebration, but as it is they have been confronted with various obstacles.

Plan Baseball Game

At first it was planned to have a baseball game, a program and business meeting, a dance, baby show and banquet, but after due consideration the latter two events were stricken from the list. Carlton West, who is in charge of the baseball team, is lining up a team among the former graduates that he claims will "clean up" on the high school aggregation. The game will start promptly at 3:30 o'clock and the public as well as every alumnus is invited to attend.

At 7:30 o'clock the merrymakers will assemble in the school auditorium where a short musical program, given by local artists, will be followed by the annual business meeting of the association. Officers for the coming year will be nominated and voted upon, and a general plan for the activities to be carried out in the next twelve months will be made.

To Conclude with Dance

Immediately following the business meeting the members will adjourn to the spacious boys' gymnasium, where they will fittingly complete the day's pleasure by dancing. The entire student body of the school has been invited as guests of the alumni and it is expected that a record crowd will be in attendance. Mansford Barnes, who is in charge of the affair, has arranged to have a five-piece orchestra there that will "knock-'em-dead." The use of a piano for the orchestra has been generously donated by Mr. Salmacia of the Glendale Music company.

Fishing In Reservoir Gets Complete Results

To the angling-inclined public of Glendale it might be of some interest to know that it is no longer necessary to travel great distances either to the beaches or to the mountains in order to hook the elusive 'pisces,' but that they may be found in abundance just a few miles from here, namely, in the San Fernando reservoir. Such is the claim made by several local young people who hooked 150 perch in the reservoir on Memorial day. The fishing and picnic party was composed of Miss Margaret Crawford, Miss Alice Holmes, Roy Sealover aand Eustice Rowley. Their record catch was made in less than two hours.

L. A. Real Estate Men San Francisco Guests

SAN FRANCISCO, June 2.—Fifty real estate men from Los Angeles and other Southern California cities will be the guests of the San Francisco, Oakland and bay district brokers tomorrow and Saturday. Plans for winning the 1922 national convention of real estate men for San Francisco will be discussed, and a definite campaign agreed upon.

W. K. Russell Putting Up Garage Building

The next building to be erected in Glendale's rapidly growing automobile section will be a garage at the northeast corner of Orange and Colorado, the foundation for which was completed yesterday. The building, which will be 100x150 feet, is being put up by W. K. Russell of this city.

Not Nuts, Just Boys, Thirteen Of Them, In Stunts For 'Slickers'

Thirteen must be a lucky number.

Because it was the number that saved local boys of tender age and ripening mentality from being sent to Patton.

They were found sitting on the curb in front of the Palace Grand theatre last night under thirteen umbrellas.

When approached by another group of older boys, they took off their shoes and started a parade through the streets.

Without money, they boarded an Eagle Rock car and were told to ride as far as they could.

The conductor refused to start the car.

As a result, the whole crew marched to the home of James Stewart at Eagle Rock and there the initiation by the "Slickers" was continued.

After which a dainty collation was served by Mrs. Stewart.

June Building Record Starts Off With Rush

Miss Irene Mank And James B. Shea Are Wed

The large circle of friends of Miss Irene Mawk and James B. Shea, both residents of this city, will be much pleased to hear of the marriage of this young couple, which took place Wednesday afternoon at Phoenix, Ariz. The bridegroom, who is one of the best known young men of Glendale, left this city Saturday of last week for Phoenix, where Miss Mawk has been the last few months with her father.

Immediately following the ceremony the newlyweds cleverly evaded a number of mischievous friends and admirers, boarding a train coming west. The exact destination of their honeymoon is not known, but a number of their close friends are expecting them to arrive in Glendale within the next few days. They will be at home to their friends after this week at 1608 South Brand boulevard.

Motor Trip Enjoyed After Long Illness

Mr. and Mrs. E. A. Lange and Mr. and Mrs. D. E. Sanker of 328 Vine street, accompanied by Mr. and Mrs. C. H. Berry of West Lomita avenue, yesterday enjoyed a motor trip through Pasadena, Hollywood, Griffith park and other southern California beauty spots. The trip was the longest taken by Mrs. Sanker in almost a year, as she had been confined to her home with sickness until about a month ago. Since that time, however, she has been out on several occasions, and she is rapidly regaining her normal health.

GLADYS DENSLOW IS BRIDE AT PRETTY HOME WEDDING

CHARMING LOCAL GIRL UNITED TO MERVYN MILLS, AUDITOR OF MONTROSE RAILWAY

A very pretty home wedding took place last night when Miss Gladys Denslow, daughter of Mr. and Mrs. Edgar E. Denslow of 1016 North Central avenue, was united in marriage to Mervyn Mills at the home of the bride's parents, Rev. Julius Soper officiating.

The living rooms had been transformed into a bower of pink carnations, asparagus ferns and palms. The bride, who was given in marriage by her father, was gowned in white silk georgette crepe with ribbon trimmings and pearls and carried a shower bouquet of bride's roses. She was attended by Miss Elsie Wilson, who was dressed in pink organdie and carried a bouquet of pink rosebuds. Claude C. Baldridge served as best man.

Reception Follows Service

Following the ceremony, which was attended by only the relatives and immediate friends of the bride and bridegroom, a reception was held. The same color scheme of pink and white was carried out in the wedding cake and other refreshments. The bride's going-away costume was of blue jersey. Mr. and Mrs. Mills left for a two weeks' honeymoon trip to Yosemite valley. Upon their return they will be at home to their friends at 427 North Maryland avenue.

Mrs. Mills has been a resident of Glendale for the past three years and was an employe of the First National bank. Mr. Mills is auditor for the Glendale & Montrose Railway company. He is a graduate of Glendale Union High school and a member of the local Elks' club.

A beautiful cameo brooch was the bridegroom's gift to the bride. Mrs. Mills was the recipient of many beautiful wedding gifts, she having been the guest of honor at a number of showers given by her friends in this city.

'Dear Katie's' Friend To Attend Elks' Show

Glendale, June 2, 1921.

Dear Katie—Today I will just write you a short letter on a postal card in haste, cause here I am settin' up in bed and writing and chewin' a cigar like Mark Twain used to do. Now don't let your heart flutter Katie, I ain't in bed, cause I'm sick or nothin', but today I send my trousers to the laundry to be repressed and I got to stay in bed till I get 'em back and then tonight I'm goin' to the Palace Grand Opera House to see Mrs. Temple's Telegram. Maybe I won't get a peek at the telegram Katie, but anyway I'll try to find out what it is all about and write to you again tomorrow.

It's goin' to be a special show given by the Elks of Glendale, the same which is goin' to have big doin's in July. On the paper it says as how there is to be a all professional cast of residents of Glendale, sparklin' in 3 acts of comedy at the show tonight so I guess it will be worth the price, (whatever that is.)

Occasionally yours,

E. C. HALE.

ANNUAL EXHIBIT BY ART CLASSES AT HIGH SCHOOL

VARIOUS DISPLAYS WIN HIGH PRAISE; EXHIBITION OPEN TO GENERAL PUBLIC

The annual exhibit of the work done by the art classes of the high school, which are this year under the direction of Miss Muller, Miss Abbott and Miss Munson, opens in their respective rooms this afternoon.

The work of Miss Muller's classes is an exhibition of the house and garden and centers around the following bit of poetry by Thomas Edward Brown:

"A garden is a lovesome thing
God Wot!
Rose plot
Fringed pool
Fern'd grot
The veriest school
Of peace, and yet the fool
Contends that God is not—
Not God! In Gardens!
When the eve is cool?
Nay, but I have a sign:
'Tis very sure
God walks in mine."

This bit of poetry is lettered in blue on a poster of gold and is placed at the back of a miniature garden, in which is a cement fountain with glass inlays, made by the pupils of the art classes, with bluebirds drinking therefrom.

Plans for Modest Home

The interior decoration classes have on display plans for a very modest home suitable for a fifty-foot lot, illustrating what can be done in an artistic way with very little money, also water color sketches of the furnishings for same.

The exhibit of the applied arts classes includes lamp standards and shades, birds, book ends, jewel cases, candlesticks, stained glass windows, etc.

The class in design has a display of block printing, stenciling and so forth worked out on scarfs, draperies, table centerpieces, etc.

Another very interesting feature of the exhibit is the work of the interior decoration classes, who have on display miniature rooms showing period styles adapted to modern living. All of the bits of furnishings, which includes the tiny draperies,

Mr. and Mrs. F. Clarke Enjoy Fishing Outing

Mr. and Mrs. F. A. Clarke and son Wallace of 351 Oak street enjoyed a most pleasant fishing trip over the holidays. Leaving Glendale Friday morning they arrived at Wheeler's Hot Springs in the Ojai Valley at noon. From this place they journeyed by horse to Lathrope's camp, where, Mrs. Clarke states, the scenery is most picturesque and trout fishing excellent. She says there were about twenty-five guests at the camp and all the men caught the limit. Mrs. Clarke is quite proud over the fact that one day she caught eighteen, her first experience. Mr. and Mrs. Clarke and son arrived home late Monday night, after a most wonderful trip.

Camping Party Enjoys Few Days In Arroyo

A gay party of young people including Miss Peggy Blake of Los Angeles and Miss Annabelle McClellan, Mr .and Mrs. H. B. McGuire, Verne A. Nyman and Ralph E. Miles of this city, spent the last week-end camping in the Arroyo Seco canyon about twelve miles north of Pasadena. They left Glendale by automobile late Saturday afternoon and returned Monday evening, reporting the "time of their lives."

Presbyterian Church Authorizes Purchase Of Additional Property And Plans For Modern Building Are Now Under Serious Discussion

A joint meeting of the official boards of the Glendale Presbyterian church, Rev. W. E. Edmonds, pastor, was held recently, and at this meeting the Board of Trustees was authorized to purchase an additional fifty feet of property lying next west of the new church site, at the corner of Harvard and Louise. This transfer has been made and the church officials now feel that they have ample space on these three lots to build a fine, modern church edifice.

The building committee is consulting architects and examining blue prints and taking other necessary preliminary steps looking forward to the erection of the new building. A further canvass for the building fund will be made at an early date to supplement the canvass alrady made. The present church building is declared altogether inadequate to house the rapidly-growing congregation and the church people and officials are anxiously looking forward to the new building and its modern equipment.

PLEADS GUILTY TO MURDER OF HUSBAND; GIVEN LIFE

BRIDGEPORT, Conn., June 2.—New England's most lurid murder drama ended dramatically here today when the trial of Mrs. Ethel H. Nott was halted unexpectedly to permit her to plead guilty to the murder of her husband, George E. Nott. Shortly after her plea was accepted and she was sentenced to life imprisonment by Judge Maltbie, one of her accomplices, John Edward Johnston, also pleaded guilty to a charge of manslaughter. He was promptly sentenced to a year's imprisonment.

Gardner's pretty wife was in the court room when he was sentenced late yesterday.

SUGAR QUOTATIONS UNDER ATTACK ON STOCK MARKET

NEW YORK, June 2.—Sugar quotations were under heavy pressure during the morning session when another attack carried prices steadily downward. In the forenoon trading, American Sugar common was forced down to 81¾, the lowest price since 1894. American Sugar preferred sold at 95, the lowest level of preferred in a quarter of a century. Stock traders followed the news in early trading. As a result, the market was decidedly irregular. Steel stocks were lower on a continuation of reports of poor conditions in the business. The first sale of Crucible was at 64½, off ½ and the shares dropped quickly to 63½. United States Steel was ¼ off at 80. The motor group was irregular with Studebaker up 5-8 at 72⅞, while Chandler made a low of the year at 61¼. Chandler directors take dividend action within a few days. International Paper led the specialties following reports of a probable strike settlement. It was up a point at 69. Rails were higher. B. & O. opened 3-8 up at 31¼ and Reading up ½ at 72⅞. Other prices included: U. S. Rubber, 67½, up 3-8; Mexican Petroleum, 149½, off ¼; Lackawanna Steel, 46¼, unchanged; Texas Company, 35 5-8, off ⅛; Asphalt, 68¼, up ¼; Baldwin, 82⅞, up 3-8; Northern Pacific, 71⅛, off 5-8; General Motors, 10 5-8, unchanged; Southern Pacific, 75½, up ¼; American Sugar, 85, up ¼; United Fruit, 108, off ¼.

LUNCHEON SPEAKER RIPS MASK OFF BOLSHEVISM

INDUSTRIAL UNREST CAUSES TOLD; C. OF C. SUPPORTS MUSIC WEEK AND CLUB

Ripping the mask off bolshevism as it parades in this country, C. J. Keenan appeared before the Chamber of Commerce Forum this afternoon and spoke of the causes of industrial unrest. By applause and stamping of feet, his hearers accredited him an ovation seldom equaled on such an occasion. Mrs. Mattison B. Jones also spoke on Music week and the work of the Glendale Music club, following which the chamber went on record as wishing to co-operate with the club's efforts. A. R. Chappell led community singing of "America" and "Dixie." Miss Alma Geiger presided at the piano.

"All you have in Russia today is socialism with its sleeves rolled up and at work under the name of bolshevism," was one of many self-termed cracks by Mr. Keenan at the radicals in this country. He also assailed the non-partisan league of North Dakota—now working in South Dakota, Minnesota and even southern California—as an organization with purposes similar to the socialists which are to overthrow the government.

Mr. Keenan opened his address with a wealth of figures regarding population in the United States, both negro and foreign, and he suggested that the Tulsa riot was apt to occur in any other center where I. W. W.'s or bolshevists were busy stirring race hatred.

Neither Read Nor Write

One surprising statement of conditions made by the speaker was that there are now more than five and one-half million of foreigners in this country above 10 years of age who can neither read nor write and five million who cannot speak the language. There are 1500 newspapers printed in foreign languages in the United States for the 34 million foreigners and that 426 of these papers stand for the overthrow of the government. He stated that 76¼ per cent of New York's population and 67 per cent of Chicago's population was composed of foreigners and that a labor circular for the stockyards in the latter city had to be printed in 27 different languages.

New York, Mr. Keenan related, is the fourth largest German city in the world and its Italian population is larger than that of the city of Rome. At the outbreak of the world war there were more Greeks in the United States subject to draft than in the entire Greek army.

Radical Literature

Then turning to the unrest in this country, which he largely attributed to the spread of Marxian theories, Mr. Keenan stated there were 5000 men distributing radical literature in Milwaukee every Sunday morning. The same is true to a smaller extent in Los Angeles, he pointed out.

Showing how the bolshevists are at work in this country, the speaker exposed the drive for funds to ship a car of soap to soviet Russia. When Drake brothers called in the Turner and Stevens party from the lecture platform, they turned in $19,000 expense against $22,000 they collected for soap shipment.

"There is room for a red flag in this country, only if it has the white stripes and the blue field of stars," declared Mr. Keenan in closing his masterly address.

Program Monday Night

Mrs. Jones in her speech invited everyone present to attend the big public program next Monday night at the First Methodist church and announced the banquet the same night at 6:15 o'clock when Charles Wakefield Cadman and Vernon Spencer, American composers, will be the principal speakers. She enthused her audience with the spirit of music and what it means to the nation.

H. C. Ells presided over the luncheon which was served by the women of the Presbyterian church.

CHARGES HUGE BRIBE

MEXICO CITY, June 2.—Alleged letters offering a huge bribe to an American army officer to obtain support from the United States government for the candidacy of Alfredo Robles Dominguez for president, were made public by President Obregon today.

BUSINESS VISITORS HERE

City Engineer Dewey and Superintendent of Water Service Morrison of Pasadena were business visitors at the office of City Manager T. W. Watson yesterday.

FOUND NOT GUILTY

IMPORTANT TO YOU

We have been placing in this paper from time to time an advertisement which was headed this way.

"Have you heard of the shallow oil fields at Canajo, Camarillo, Ventura County?" Well, a great many of our Glendaleons have responded gracefully by seeking information and after receiving same, they have in every case purchased an interest in this lease, where the well is drilling.

We wish to announce that the showing of the first well has been far beyond our expectations and we hope to announce in the very near future that the first well is on production. From the showing now, you should expect a fine well. 'Absolutely Unpledged' W. B. Kirk's Statement

Editor The Evening News:—Responding to the urgent solicitation of many friends, I have very reluctantly agreed to allow my name to go before the voters of Glendale as a candidate for councilman at the coming election.

I am absolutely unpledged to anybody or anything except to my own conscience.

If my daily work before my fellow citizens of this community for thirteen years is not good evidence of what may be expected of me should I be elected to office, any promises which I might make now, would be of little value.

Judge me by that and vote accordingly and I shall be perfectly satisfied with the verdict.

New Police Commissioner

Immediate appointment of Rex W. Laws, president of the Western Wheel company, to the police commission of Los Angeles was announced by Mayor M. P. Snyder today, to succeed E. Clem Wilson, who resigned yesterday. Laws declared he will accept.

In his letter of resignation Wilson declared the mayor failed "to co-operate with the commission for the best interests of the city" and that "vice conditions in Los Angeles are deplorable."

"Politics" was Mayor Snyder's only comment.

Driverless Auto Hurts Six

A driverless automobile threw scores of persons into a panic today at Third and Broadway, Los Angeles, when it leaped the curbing and struck down and injured six persons before it came to a stop against a telephone pole.

Two of the injured were taken to the receiving hospital for treatment. The other four were not seriously injured.

Those treated were D. W. Norton, 1318 Pacific avenue, San Pedro, and Charles E. Fellows. They were cut and bruised.

The automobile dashed east on Third street, running at a moderate rate of speed. The car struck the curbing, jumped over it and started wildly down the sidewalk.

The police presume that whoever was in charge of the machine cranked it while it was in gear and it started down the street, driverless.

'Lone Wolf' Is In Custody

Lieutenant Willis Gordon Brown, alias R. W. Summerfield, alleged "Lone Wolf" of a coast-wide automobile theft ring, is under arrest today in Miami Lodge, Calif., after having been cornered by department of justice agents in a sensational chase, the Los Angeles police stated today.

Lieutenant Brown, dashing soldier of fortune and social lion among women, is charged with violating the federal Dyer act prohibiting transportation of stolen automobiles from one state to another.

It is alleged Brown made an immense business of stealing expensive automobiles here and driving them to Nevada, where he disposed of them to a "fence." This "fence" is said to be a man prominent in Nevada.

Brown was formerly an aviator in the Royal Flying corps of Canada.

Sending Fruit Via Water

At Los Angeles harbor today the steamer Willsolo is taking on one of the largest shipments of fruit and vegetables ever sent east. In the cargo there are 16,000 boxes of oranges, sixty carloads of onions and several hundred tons of beans.

Dinner to Boost Fair

A dinner will be served representatives of San Fernando valley towns next Thursday night, June 9, at the Porter Hotel in San Fernando. The San Fernando valley fair, which is to be held September 13 to 18, inclusive, will be the subject for discussion.

Long Beach Population 80,000

Long Beach has 80,000 population, according to a new directory just printed. At the present rate of growth ,the city by the sea will have 100,000 within three years' time. However, Glendale will keep Long Beach busy on the percentage of population increase.

"Baby Bandits" Are Arrested

"Baby" mail bandits, ranging in age from 10 to 13, have been picked up at Santa Maria and charged with pilfering postal boxes. A Mexican lad, armed with a .44, directed the work of the gang of twenty. One member was paid "hush" money when he threatened to "squeal."

Where Are June Brides?

June brides this year are scarce. Only sixty-seven couples got marriage licenses yesterday as against 104 of a year ago. Miss Emma Higgins, "cupid," says that the holiday interfered with wedding plans. Just as if any Romeo would believe it.

Murder Trial Scenes Look Like Fairy Book

KNOX, Ind., June 2.—The courtroom here today presented a picture that might have been taken from a fairy book—or a children's play room, except for the tragic and deadly serious demeanor of the main actors.

Eleven-year-old Cecil Burkett resting on his mother's lap, with his head against her comforting bosom, was the center of this tragic children's picture. He was on trial on a charge of murdering 7-year-old Benny Slavin. His seven brothers and sisters, all of tender years, were cared for by the Russian immigrant mother as she sat in court.

The mother's chief attention was devoted to taking care of her 11-year-old, however.

She smoothed his hair, brushed a spot of dust from his plain little suit, and caressed him gently.

Other children were grouped around the court room. Many of them were witnesses, some for Cecil and others for the prosecution.

Benny's mother sat near the prosecutor's table, aiding in the presentation of the case against the child. She demands that the killing of her boy be avenged.

Cecil's father is a poor day laborer. Benny was the son of a struggling crossroads merchant.

The entire section of the country is divided on the question of whether Cecil should be punished. The state will not ask a heavy punishment, in case of conviction, but will demand that the boy be confined in some home for children.

An aggregate of over sixty-three years' perfect attendance at school has been completed by eight members of the family of Mr. and Mrs. Ingerfield, Hook Green, Tunbridge Wells, Eng.

In our hours of patience character makes its quickest growth.

Life passes while we reflect, but life escapes if we do not.

A dust bin was among the wedding presents received by the Rev. V. Y. Johnson, curate of Horsell, Surrey, England.

Grand Jury To Probe Race Riots In Tulsa

TULSA, Okla., June 2.—Grand jury investigation into Wednesday's race riots here was ordered today by Governor J. B. A. Robertson.

Prince Freeling, attorney general, will be in charge of the investigation to fix blame for the actual killing of the 100 persons who lost their lives and the arson which brought desolation to 8000 blacks and 5000 whites.

Race hatred, which flared up for twenty-four hours, costing nearly 100 lives and $1,500,000 property damage, was burned out today.

Whites, who fought a furious battle with practically the entire male black population, centered their efforts on finding shelter for the ten thousand negroes, whose homes were destroyed when the torch was applied.

Although rumors flooded the city throughout the night of negroes congregating in the outskirts to make a massed drive to liberate their prisoners, investigation by state troops proved the reports unfounded.

Negroes who fled the city when the rioting began Tuesday night, drifted back into town today with pitiful stories of how they stayed hidden in the woods northeast of the city without food or water for almost two days.

Farmers rounded up many fleeing negroes and brought them to the detention camps.

Practically the entire negro population spent the night under guard. Men, women and children were put together in public buildings. Four thousand blacks spent the night at the fair grounds.

The success of military law in ending the outbreak was marked. Within a very short time, after martial law was declared, the situation was under control.

Throughout the night big motor trucks, on which dangerous looking guns were mounted, patrolled the empty streets. The streets were ordered cleared of civilians at 9 o'clock.

A campaign to raise money for relief of the negroes was under way today. Several thousand dollars had already been subscribed.

The fire which destroyed the "black belt" played no favorites and also swept the homes of whites in its path. In addition to the 8000 negroes made homeless by the blaze, approximately 5000 whites lost everything they owned.

Dick Rowland, the negro whose alleged mistreatment of Sarah Page led to rumors of an attempted lynching, was smuggled from the city soon after the fighting started. The negroes made a drive on the jail to release Rowland when the reports of whites gathering to lynch him spread through the black belt.

furniture, lights and so forth were made by the members of these classes.

Stained glass windows in miniature are also on display.

Another section is given over to the display of the work being done for the Stylus.

Miss Abbott's classes in first year and second year advanced drawing and Miss Munson's first year drawing classes have a splendid exhibition of pencil work, colored pencil, black and white studies, water colors and pastel work.

This exhibit begins this afternoon at 2 o'clock continuing until 9 p. m. Today has been set aside for the parents and friends of students to examine the work. Tomorrow, alumni day, the exhibit will be open from 10 a. m. until 9 p. m. Saturday the exhibit will be from 1 p. m. until 9 p. m. and will be open to the general public.

Bargain Rates From Railroads Expected

WASHINGTON, D. C., June 2.—The nation's railroads now are in a position to slash freight rates and institute a policy of bargain counter bidding for increased business, officials said here today.

Their operating costs depressed $400,000,000 a year through the wage reduction order of the Chicago labor board, plus $100,000,000 from reductions on coal purchases, the roads now are face to face with the problem of letting shippers and the general public in on the easier situation, it was maintained. Rates now are 70 per cent above pre-war levels.

The matter of rate reduction is wholly up to the roads themselves, it was pointed out at the interstate commerce commission. The roads can fix new and lower rates and put them into effect on thirty days' notice through the simple process of filing copies of the schedules with the commission.

New rates can be put into effect on five days' notice instead of thirty, providing the railroads and the shippers get together and agree to reductions. In this case the interstate commerce commission makes special dispensation and the rates go into effect almost at once.

POLITICAL APPROVAL

"What is your opinion of relativity?"

"I approve of it," replied Senator Sorghum.

"Then you understand it thoroughly?"

"Friend, if I had always been required to understand thoroughly everything I approved of I should have transacted considerable less political business."

CLOSING SESSION OF SEASON TODAY BY D. A. R. MEMBERS

OFFICERS RE-ELECTED; FINE ADDRESS AT LUNCHEON BY MRS. JOHN H. BRALY

The closing meeting of the season of General Richard Gridley chapter, Daughters of the American Revolution, was held today at La Ramada, following a luncheon at noon, at which time officers for the ensuing year were installed. All of the present year's officers had been unanimously re-elected for the coming year, as follows: Mrs. John H. Braly, who was unanimously elected regent for life; Mrs. C. W. Houston, vice-regent; Mrs. S. C. Leppelman, treasurer; Mrs. Mabel Franklin Ocker, corresponding and chapter secretary; Mrs. T. W. Preston, chairman of hospitality committee; Miss Ida Myers, chairman of patriotic education; Mrs. F. C. Butterfield of Burbank, chapter historian; Mrs. W. N. Rathbun, philanthropic chairman; Mrs. T. W. Addison, chairman for mile of pennies; Mrs. Follansbee, chaplain.

Address by Mrs. John H. Braly

The following splendid address was given by Mrs. John H. Braly, who installed the other officers:

"We Daughters of the American Revolution are the living representatives of our Puritan ancestors who founded, in Christian faith and with God's blessing, this wonderful country—the land of the free and the home of the brave. And, America is greater today than any country that can ever attack us.

"God gave to our ancestors the same gift given to us—the power to think—and it is our duty to think effectively in the aid of our country at all times, and to act in acordance with our constitution and laws with the understanding of the principles on which our government was founded. We are grateful beyond words to express for our inheritance and must prove ourselves worthy of the trust that has been left to the Puritan descendants. Effective thinking on this subject is the blossom of concentrated patriotic thought, and it consumes months and years of both thought and action to string these rose beads of worthy citizenship and loyal Americanism into a long necklace of the life guardianship of the principles left in our care by our glorious forefathers.

Development of Aliens

"It is our privilege and duty to aid in the development of aliens who come to our land to make their homes in our midst. Our educational methods and the work done by our chapters among the foreigners who are invited to learn American ways of living, as in the Albion school where Miss Ida Myers has done such efficient work and where all of our D. A. R. chapters have aided her so generously in striving, not only to teach these people to read our language, but to use our ways in housekeeping and in the care of their children.

"The mind is like a piano. The thoughts are the fingers playing upon it to bring out the music of the soul. Now we must help these people to bring out harmony of thought and action in our beloved country by playing on their minds the grand music of loyalty and patriotism and by teaching them to love our institutions and customs. In doing this work for the aliens, we, the Daughters and Sons of the American Revolution, are valiantly working, as did our forefathers, for the lasting benefit of our country and for the perpetuation of the God-given principles on which America was founded."

Watching Scoreboard

Yesterday's hero—Dave Bancroft. He got a single, double, triple and a home run in four trips to the plate. The Giants beat the Phils two games, 9 to 2, and 8 to 3. "Long" George Kelly got his ninth.

Jimmy Johnston's single in the ninth inning drove in the run that gave the Robins a 5 to 4 win over the Braves.

Two singles, a hit batsman and an error gave the Cubs two runs in the ninth inning but the Pirates won, 4 to 2.

Rixey was knocked out of the box by the Cards and the Reds lost, 10 to 4. Heinie Groh signed a contract.

Mays went to pieces in the ninth inning. Washington scored five runs. The Yanks lost, 8 to 7.

The Red Sox and the Pathetics split one. The Sox won 6 to 3 and lost 3 to 2.

San Francisco's Seals, the league leaders, took a taste of defeat at Salt Lake yesterday. In fact it was more than a taste—a regular mouthful. Salt Lake 14, San Francisco 6, was the score.

Oaklaand beat Portland at San Francisco, 5 to 3, in a very orderly game.

Los Angeles and Vernon, playing in the home town, turned the Angels out as Victors, 6 to 5.

Cook, Pick and Compton of Sacramento helped themselves to home runs in the Sacramento-Seattle game, the Solons winning, 7 to 3.

High School's Tennis Team Is Title Winner

The superb playing of each member of the Glendale high school tennis team yesterday afternoon resulted in their winning the tournament and incidentally the Central league championship, with the Alhambra racquet wielders. The match which was to decide which squad would end the season in first place, was previously considered to be Glendale's hardest match, and as a result the locals "snapped out of it" and proceeded to give the Alhambra lads the licking of their lives. In fact, they won every match, the final score being 17 to 0.

This decisive victory for Glendale puts them in line for a chance at the Southern California championship, and they will probably be entered in the semi-finals in the near future. The members of this invincible quartet are Tom Morgan, Nap McDonald, Wilbur Johns and Norman Begg.

Mrs. C. A. Redmond Is Law Section Hostess

The parliamentary law section of the Tuesday Afternoon club met yesterday afternoon at the home of Mrs. C. A. Redmond, 331 West Harvard street. Mrs. Harry Greenwalt was re-elected curator for the coming year and was given a rising vote of thanks by the members for her excellent instruction during the year. During the afternoon a musical program was given by the little Dotson sisters. Katherine Dotson, aged 8 years, played "The Fantansie in D Minor" "(Mozart) and Margaret Helen Dotson, aged 5 years, played "Merry Bobolink" (Krogman). Refreshments were served at the close of the afternoon by the hostess, Mrs. Redmond and her sister-in-law, Mrs. W. A. Tanner.

MANUEL GARCIA ONE OF WORLD'S GREAT MUSIC TEACHERS

AN INTERESTING CHAPTER ON SPANISH COMPOSERS IS GIVEN BY MRS. MITCHELL

The Evening News herewith presents the third installment of the article prepared by Mrs. Alex. Mitchell on Spanish music and composers. The article was read first before the music section of the Tuesday Afternoon club and it is considered fitting to present it, through The Evening News, to the general public during music week, now being celebrated in Glendale. The third installment:

BY MRS. ALEX. MITCHELL

Sebastian Yradier, born in Spain, wrote many songs, the most popular being "Av, Chiquita," and "La Paloma," which were published in many languages and countries. Of his life nothing is known. He died in 1865 in Victoria.

Manuel del Popolo Vicente Garcia was an illustrious Spanish teacher and vocalist. He was born in 1775 and died in 1832. At thirty his compositions, mostly light operas, were popular throughout the country, but his work in this line was insignificant beside that which he later accomplished in singing and yet more in teaching. He made his debut as a singer in light opera n Paris in 1808. His success was immediate. In 1809 he sang a mono drama of his own, Poeta Calculista, previously produced in Madrid. He then sang in Italy and London with great success, bringing out his "Caliph of Bagdad," which was much admired.

Comes to New York

In 1825 he came to New York, purposing to establish Italian opera, bringing with him his wife, his son, Manuel, and daughter, Marie, who later became the famous Mme. Malibran. In 1826 his company produced nearly a dozen new operas and gave seventy-nine performances at the Park and Bowery theatres, New York, and in 1827 went to Mexico, where he brought out eight operas during a stay of a year and a half, but on his return journey the company was robbed of all the proceeds of this work, including a large amount of gold.

Garcia then returned to Paris, giving all of his time to teaching. He composed seventeen Spanish, nineteen Italian and seven French operas. He was intelligent and musically broad beyond the majority of vocalists. Many celebrated pupils were indebted to him for their training, his own three children being included, Madames Malibran, Viaidot and his son, Manuel, being the most famous of all.

His son, Manuel Patricio Rodriguez, was born in 1805, March 17, at Madrid. At fifteen years of age he began to study with his father. After some years of study he went to Algeria as a soldier in the French army on account of his father's extreme strictness and severity.

In Military Hospitals

He returned to Paris, where he worked in the military hospitals, became interested in the study of medicine, making special investigations of the vocal organs. In 1829 he joined his father as a teacher, using his methods, but he went farther. His researches enabled him to apply scientific principles to the training of the voice and to base his system on a thorough knowledge of the physical laws governing voice production, both natural and artificial.

In 1840 he sent to the French academy a valuable treatise entitled "Memoire sur la voix humane," for which he received many congratulations and which it is said may be called the foundation of all similar investigations since.

The next year his first celebrated pupil, Jenny Lind, came to him. It is said that this singer was paid $10,000 a night in London. Other pupils of his who were famous included Mathilde Marchesi, Charles Santley and Julius Stackhausen. Garcia was later made professor in the Paris conservatory and subsequently for thirty years was of the faculty of the Royal Academy of Music in London, later elected a director of the same institution.

Legion Band To Give Free Concert Tonight

After weeks' rehearsing, the Legion band, under the leadership of Raymond D. Crawford, in their Decoration day parade and concert proved that they are without a doubt one of the best amateur bands of southern California.

The question is now up to the people of Glendale. Do they want a band?

Glendale is one of the fastest-growing cities of the world and the only important city in southern California that does not have some form of public entertainment. The band is here, the music lovers are here, more are coming daily. Why not make them like Glendale with music?

The band now numbers thirty pieces and will be heard in front of the Palace Grand theatre tonight and tomorrow night opening the Elks' play, "Mrs. Temple's Telegram."

The performances will be given to supplement the fund which 1289 has set aside for its participation in the welcome to be extended Elks at the national convention in July.

"Mrs. Temple's Telegram" will be enacted by an all professional cast including Norval MacGregor, Will M. C. Chapman, Jack Weatherby, Billy Fay, William Brunton, Mrs. Beulah C. Dunbar, Miss Georgie Woodthorpe, Miss Edith Cooper and Miss Georgie Cooper.

Will Chapman is directing and staging the piece with Vernon Snively as stage manager.

Glendale Elks, of 1289, plan to take an extensive part in the July convention affairs and expect to be able to broaden the scope of their participation with funds derived from the two performances of the play. A large attendance is expected from San Fernando valley towns as far as Fillmore and from Los Angeles.

Robert Kenneth Crist was named editor; Henry Malone, managing editor; Mrs. Alice Murphy, Epworth League editor; Elwood Ingledue, sporting editor; Dorothy Peart, society editor, and Dorothy Hamilton, exchange and joke editor.

An Epworth League rally and dinner will be held at the First Methodist church social hall on the evening of June 10. All members in Glendale are invited to attend.

Mine Managers Decide New Schedule Of Wages

GRASS VALLEY, Cal., June 2.—A readjustment of miners' wages had been announced by the managers of the Empire, North Star and Idaho gold mines here, following the failure to pass the McFadden gold excise bill. Nine hundred miners are employed in these mines. The present wage scale ranges from $4.75 to $5.50 a day.

The new wage scale of from $3.50 for shovelers and car men and $4 for miners has already been adopted by Mother Lode employers. A conference is asked by the mine owners in which they will reach an agreement with the miners' union.

Company heads declare that unless a reduction is accepted by the miners, closing down of the mines will result.

Plan To Blaze Trail Through Air Blocked

SAN FRANCISCO, June 2.—The plans of James Otis, president of the San Francisco Aero club, to blaze a new air trail between two continents, was definitely blocked, it was learned today by the inability of Otis to secure passports enabling him to fly over Mexico.

Otis, who has been waiting at Yuma, Ariz., for two weeks had hoped to fly from the United States to Venezuela, stopping several times in Mexico far supplies. Otis was accompanied by his pilot, William Morris.

Upon the refusal of the Mexican government to give the passports, Otis took to the air at once en route to Florida, where he will catch a steamer to Venezuela. Morris went with him and will fly the plane back from Florida.

China Is Winner In Orient Olympic Games

SHANGHAI, June 2.—China came out of the Oriental Olympic games, which closed here today, with the highest record.

China, Japan and the Philippine Islands were the chief contenders.

China won the ponthalon, basketball, volleyball and football championships.

The Filipino team won the track meet and swimming.

The baseball championship remained undecided, the Japanese and Filipino teams each defeating China, but tied when Japan and the Philippine Islands met.

Priscilla Dean Wins Praise In 'Reputation'

Critics who have commented on the strange dramatic power of "Reputation," Priscilla Dean's Universal super-feature which is now at the Glendale Theatre, have attributed its force to the epochal story, the personal magnetism of the star, the elaborate presentation and the admirable direction; but all of them have overlooked a quality to which may be credited its greatest appeal. That is the quality and contrast.

"Reputation" is made up of contrast—drastic contrasts which carry a thrill with every rapid change from character, locale to locale, and incident to incident.

As the story opens, Miss Dean is seen as a worldly actress in a country village, the first contrast. Then comes her European tour where she is feted at magnificent banquets, dazzling in profligacy. In contrast to this is shown the man she has discarded, a friendless, pitiful wreck, wandering in the reeking alleys of Limehouse, the sewer through which the human filth of the world is kept away from the discerning nostrils of London toward the traceless gray immensity of the sea.

Then, when dissipation has marred her beauty, the woman is shown an outcast in the slums of New York while her daughter is seen in dignified elegance and comfort, taking a place on the stage and impersonating her own mother.

Other attractions round out the bill. A complete change of program is scheduled for tomorrow.

Many a man who walks into trouble with his eyes open is carried out of it with his eyes shut.

Idle hands open the door of a vacant mind to undesirable tenants.

The fellow with a lot of crust is usually a lemon underneath.
